

# ENCODED VIDEO SPECIFICATIONS

## DELIVERY OPTIONS

If you need captions or subtitles added to your video, send a master-quality source as outlined below.

**Ship:** Send tapes or hard drives to:

### VITAC

Attn: Offline Traffic  
101 Hillpointe Drive  
Canonsburg, PA 15317

## UPLOAD OPTIONS

- Upload a digital video to VITAC's secure FTP site either through our web client [here](#) or using an FTP client like FileZilla using a login we can provide.
- Upload a digital video to your FTP site and give us the login information.
- Transfer your video to us via Aspera. This requires use of your Aspera software on the sending end.
- Send us a link to the video posted under your account on a file-sharing site like Box or Hightail.

*Note: if we're adding captions to an existing video, send your video to the exact specifications you'd like returned with captions. If we're transcoding, send video of equal or greater quality than the final deliverable.*
